

Assignment

B) Bug reporting.

Steps to reproduce bugs.

First Bug:

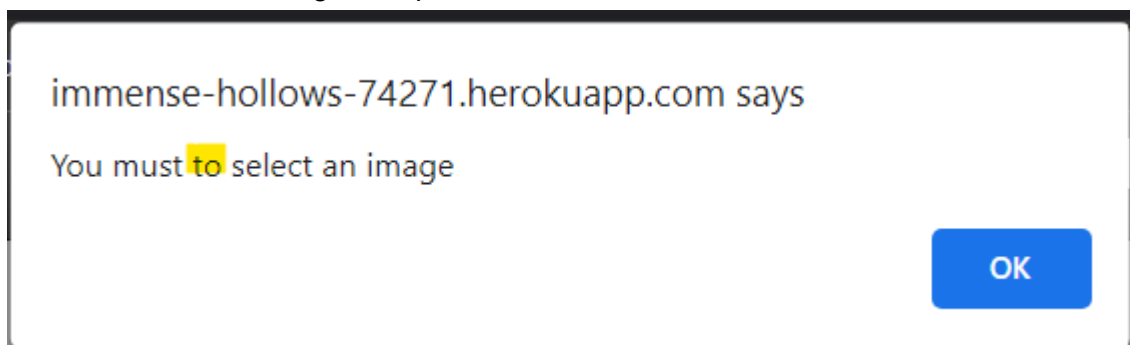

1. Go to <http://immense-hollows-74271.herokuapp.com/>
2. On any of the items present, click the Delete button.
3. A pop up is displayed saying if you want to confirm the deletion of the item, in here there are two bugs as shown in the following screenshot:

Both of them are typos, the first one is the interrogation symbol that in english is not used at the beginning of a phrase and the second one is the word shure that it should be spelled as sure.

Second Bug:

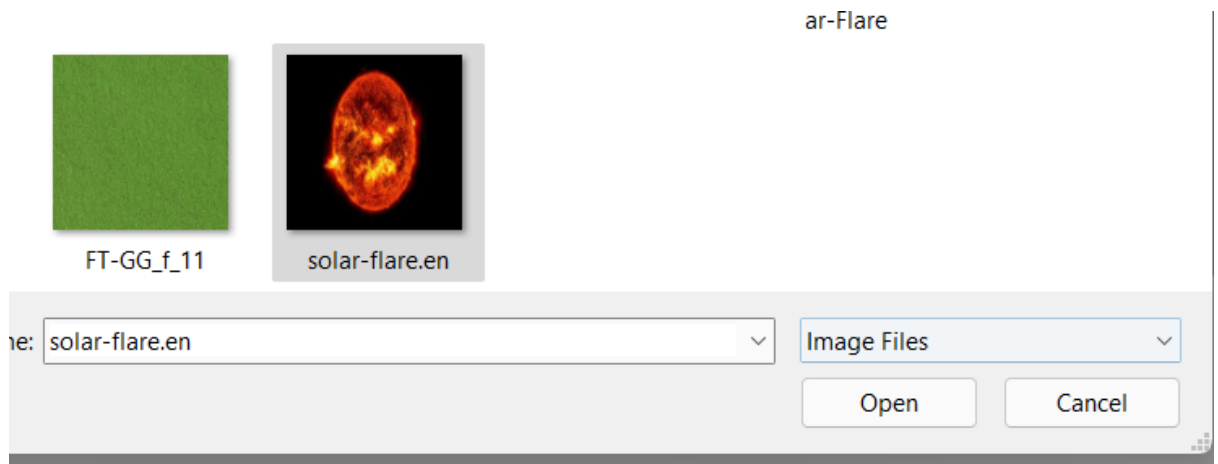

- 1) Go to <http://immense-hollows-74271.herokuapp.com/>
- 2) In the text area which you add a description for the image to upload, enter any text.
- 3) Click on the create item.
- 4) A pop up is displayed saying that you need to select an image in here there is a bug as shown in the following description:

In this case the word “to” is not needed in the phrase, the correct spelling should be “You must select an image”.

Third Bug:

- 1) Go to <http://immense-hollows-74271.herokuapp.com/>
- 2) Click on the Choose File option and select any image.

- 3) In the text area enter any description.
